# EGO!RECEIVER™ OWNER'S MANUAL

### **OVERVIEW OF DATA UPLOAD PROCESS**

Figure 1: Data upload process via eGO!receiver™ to batterymanagement.net

## STEP 1: DOWNLOAD DATA FROM EGO!

Go to eGO!tools webpage: https://batterymanagement.net/egotools OR open the eGO!tools app on your PC (for offline use).

When the two white LEDs on eGO!receiver illuminate, click 'Scan for eGOs, then select eGOs serial port.

Connect eGO!receiver to your PC. \*If it connects successfully, the LED on eGO!receiver will illuminate

with one solid white LED and one flash white for 3 seconds.

If the flashing white LED becomes solid (2 solid white LEDs), the eGO!receiver is successfully connected to the eGOs serial port.

Take a bright flash light (\*A mobile phone flash light will be adequate) and place directly on top of the white circle on eGO! monitor until you hear a beep along with blue LED.

> (\*Note: A flash light may not work under very bright sunlight. You must shade the unit for at least 5 seconds, then use the light source to activate the manual upload.)

The radio is now enabled, and the blue LED remains illuminated until all data has been transmitted.

# **STEP 2: SAVE DATA VIA EGO!TOOLS**

At this point quickly remove the flash light and you should hear a second beep.

\*If the second beep is not heard, then the sequence will need repeating, allowing for a 3-second reset period before the next attempt.

If data uploads successfully to eGO!tools, blue LED will also illuminate on eGO!receiver. eGO! data packets will appear in the list, along with the voltage logs.

You will be directed to batterymanagement.net Login with your account details.

	Upload Files Upload your cav files here + Add Files ① Start Upload ② Cancel Upload				

Click 'Start Upload' to sent the data.

All data is now able to access online via batterymanagement.net.

#### FOR OFFLINE USE: DOWNLOAD EGO!TOOLS™ APP ON DESKTOP

#### **Example Browser: Google Chrome**

Go to eGO!tools webpage: <u>https://batterymanagement.net/egotools</u> Download the web app - eGO!tools to your desktop when you have online connection. (\*If the download icon does not appear on the address bar, please refers to <u>step 2A</u>.)

The app will appear as an icon on your desktop.

You will be asked if you wish to install the eGO!tools app. Download it to your desktop.

It can be used offline to download data from eGO monitors.

#### Alternative steps to download eGO!tools App on Desktop on Google Chrome:

Go to eGO!tools webpage: https://batterymanagement.net/egotools Click the '**3 dots**' at the right edge of the top of the page, and this will give you more options.

You will be asked if you wish to install the eGO!tools app. Download it to your desktop.

It can be used offline to download data from eGO monitors.
